PROBLEM STATEMENT

In today's digital world, students and professionals need a platform to showcase their skills, projects, and achievements. A traditional resume is not interactive and fails to demonstrate practical skills effectively.

Edit with WPS Office

PROJECT OVERVIEW

This project focuses on creating a Digital Portfolio Website that highlights personal information, skills, projects, and achievements in an interactive and user-friendly format. It serves as an online resume and a professional identity.

Edit with WPS Office

WHO ARE THE END USERS?

Students (to showcase academic work and projects)
Job Seekers (to present resumes digitally)
Employers (to evaluate candidates' skills and creativity)
General Audience (to learn about the candidate's background)

Edit with WPS Office
